Heart Disease and Stroke account for about 30% of all deaths in Missouri and pose a considerable challenge to the health of all Missourians. To provide statelevel support to the vision of the national Million Hearts® initiative, a voluntary network of key stakeholders established the Missouri Million Hearts (MO MH) Partnership in 2012. The MO MH partnership is committed to addressing the needs of underserved and highrisk communities burdened by the adverse effects of cardiovascular disease in Missouri. The Second Annual Missouri Million Hearts Conference is a showcase of innovative efforts that align with the mission of the MO MH partnership. The intended audience for the conference includes physicians, nurses, pharmacists, public health officials, health educators, community health workers, community organizations and the general public who are interested in preventing cardiovascular disease and learning about innovative evidence-based strategies designed to ameliorate the burden of heart disease and stroke in their community. Presenters from diverse stakeholder groups will focus on the role of the Healthcare and Public Health Systems, the community, and the patient in addressing cardiovascular disease and the associated risk factors.

Objectives

- Recognize ongoing national and local initiatives in the field of cardiovascular prevention and management.
- Describe the mission and goals of the national Million Hearts Initiative and the Missouri Million Hearts Partnership.
- Illustrate opportunities to collaborate with various stakeholders to reduce the burden of heart disease and stroke in their communities.
- Examine and interpret up-to-date guidelines and evidence base for the diagnosis and management of cardiovascular risk factors.
- Identify opportunities to support the Missouri Million Hearts Partnership.
- Discuss the role of various stakeholders involved in addressing the burden of heart disease and stroke.

Agenda

AM

8:00  Registration and Networking
     Introduction of Dr. Randall Williams - Kris Kummerfeld, MHA, Coordinator, MO Million Hearts

8:30  Welcome - Randall W. Williams, MD, FACOG, Director, Missouri Department of Health and Senior Services and Jerry D. Kennett, MD, MACC, Master of Ceremonies

8:40  Introduction of Dr. Janet Wright - Jerry D. Kennett, MD, MACC
